Tejeswari Machavarapu

Student at international school of technology and science

Rajahmundry, Andhra Pradesh, India

Summary

Hi! I'm Tejeswari, a B.Tech Computer Science Engineering student passionate about software development and building practical solutions with technology. I’m currently developing my skills in:• Java• HTML & CSS• JavaScript• SQL• C & C++• Python fundamentals I enjoy turning ideas into real-world projects and continuously improving my programming, problem-solving, and web development skills. Some areas I’ve worked on include:• Personal Portfolio Website• Web-based projects• Java programming projects• Academic/mini projects Currently, I’m focusing on strengthening my Java, Data Structures & Algorithms, Web Development, SQL, and overall software development fundamentals. My goal is to start my career as a Software Developer and gain industry experience through internships, projects, and continuous learning. I’m open to connecting with developers, recruiters, mentors, and fellow students interested in technology and software development.Let's connect, learn, build, and grow together!
